We issued a total of 54,838,315 shares in our initial public offering, including 53,909,877 shares sold in the primary offering and 928,438 shares sold pursuant to our distribution reinvestment plan, resulting in gross offering proceeds to us of approximately \$547.4 million.

Of these shares, we are offering 125,000,000 shares in a primary offering and 25,000,000 shares pursuant to our distribution reinvestment plan. We reserve the right to reallocate the shares of our common stock we are offering between the primary offering and the distribution reinvestment plan. As of July 24, 2008, we had accepted investors' subscriptions for, and issued, 98,803,101 shares of our common stock in the follow-on offering, including 94,534,635 shares sold in the primary offering and 4,268,466 shares sold pursuant to our distribution reinvestment plan, resulting in gross proceeds to us of approximately \$986.1 million. In addition, at the discretion of our board of directors, we may elect to extend the termination date of

The follow-on offering must be registered in every state in which we offer or sell shares. Generally, such registrations are for a period of one year. Thus, we may have to stop selling shares in any state in which our registration is not renewed or otherwise extended annually. We reserve the right to terminate this offering at any time prior to the stated termination date.

We are not registered as an investment company under the Investment Company Act of 1940, as amended (Investment Company Act), pursuant to an exemption in Section 3(c)(5)(C) of the Investment Company Act and certain No-Action Letters from the Securities and Exchange Commission. Pursuant to this exemption, (1) at least 55% of our assets must consist of real estate fee interests or loans secured exclusively by real estate or both, (2) at least 25% of our assets must consist of loans secured primarily by real estate (this percentage will be reduced by the amount by which the percentage in (1) above is increased); and (3) up to 20% of our assets may consist of miscellaneous investments. We intend to monitor compliance with these requirements on an ongoing basis. If we were obligated to register as an investment company, we would have to comply with a variety of substantive requirements under the Investment Company Act imposing, among other things:

Borrowing Policies

The following information supplements the section of our prospectus captioned Investment Objectives and Policies Borrowing Policies beginning on page 81 of the prospectus:

On May 23, 2008, Cole Operating Partnership II, LP, the operating partnership of CCPT II, (Cole OP II) which we sometimes refer to as the borrower, entered into a revolving credit facility providing for up to \$135.0 million of secured borrowings pursuant to a credit agreement with Bank of America, N.A., as administrative agent, among other things, (Bank of America), Banc of America Securities, LLC, as sole lead arranger and sole book manager, JP Morgan Chase Bank, N.A. as syndication agent, and other lending institutions that may become parties to the credit agreement. The credit facility allows Cole OP II to borrow up to \$135.0 million in revolving loans. Subject to meeting certain conditions, the approval of Bank of America and the payment of certain fees, the amount of the credit facility may be increased up to a maximum of \$235.0 million, with each increase being no less than \$25.0 million. Up to 15.0% of the total amount available may be used for issuing letters of credit and up to \$20.0 million may be used for swingline loans, which generally are loans of a minimum of \$100,000 for which the Borrower receives funding on the same day as its loan request, and which are repaid within five business days. The proceeds of the credit facility may be used for

acquiring real estate and real estate related assets, working capital and general corporate purposes.

The credit facility matures on May 23, 2011. The borrower has the option to extend the credit facility for an additional twelve month period through May 23, 2012 provided that (i) a written notice of intent to extend the term of the credit agreement is provided at least 30 days, but not more than 90 days prior to May 23, 2011; (ii) no defaults or events of default exist; (iii) the borrower pays to Bank of America a fee equal to fifteen hundredths of one percent (0.15%) of the then existing aggregate commitments; and (iv) certain requirements with respect to the representations and warranties contained in the credit agreement are satisfied.

Loans under the credit facility will bear interest at rates depending upon the type of loan used. For a eurodollar rate loan, the interest rate will be equal to the greater of (a) two and one half percent (2.50%) per annum or (b) the one month, two month, three month or six month London Interbank Offered Rate for the interest period, as selected by borrower, plus the applicable rate. The applicable rate is based upon the overall leverage ratio, generally defined as our total consolidated outstanding indebtedness divided by our total consolidated asset value and ranges from 1.80% at a leverage ratio of less than 50.0% to 2.10% at a leverage ratio of 60.0% to 65.0%.

For each base rate committed loan and each swing line loan, the interest rate will be a per annum amount equal to the base rate plus the applicable rate. The base rate generally is a fluctuating rate per annum equal to (a) 0.25% plus (b) the higher of (i) the federal funds rate plus 0.50% or (ii) Bank of America's prime rate. The applicable rate for base rate committed loans is zero at all leverage ratios.

The borrower has the right to prepay the outstanding amounts in the credit facility, in whole or in part, without premium or penalty provided that (i) prior written notice is received by the administrative agent and (ii) any prepayment of eurodollar rate loans shall be in a principal amount of \$5,000,000 or a whole multiple of \$1,000,000 in excess thereof; and (iii) any prepayment of base rate committed loans shall be in a principal amount of \$500,000 or a whole multiple of \$100,000 in excess thereof or, in each case, if less the entire principal amount thereof then outstanding.

Cole OP II has pledged all of its equity interests in certain of its subsidiary limited liability companies which have been identified by Cole OP II as collateral for its obligations under the credit facility. Subject to certain conditions, Cole OP II may pledge its equity interests in additional subsidiary entities and may remove its pledge of previously identified subsidiary entities. In addition, we, and each identified subsidiary entity, guarantees the obligations of Cole OP II under the credit facility.

The credit agreement contains customary affirmative, negative and financial covenants, representations, warranties and borrowing conditions. The credit agreement also includes usual and customary events of default and remedies for facilities of this nature. Upon the occurrence of any event of default, the eurodollar rate loans and base rate committed loans will bear interest payable on demand at an interest rate equal to 2.0% per annum above the interest rate that would otherwise be applicable at that time, until the default is cured. Similarly, the letter of credit fees described below will be increased to a rate of 2.0% above the letter of credit fee that would otherwise be applicable at that time. In addition to Cole OP II failing to pay amounts when due and breaching any of the terms of the credit agreement or related loan documents, events of default include, but are not limited to: (1) failure to pay any principal when due; (2) failure to pay interest and fees within five (5) business days after due; (3) the occurrence of a change of control; (4) a change in management; (5) material inaccuracy of any representation or warranty; (6) the bankruptcy or insolvency of Cole OP II or any consolidated subsidiary; (7) violation of any financial, negative or other covenant; (8) violation of ERISA regulations; and (9) judgments against Cole OP II or any consolidated subsidiary in excess of \$10.0 million or \$25.0 million in aggregate that remain unsatisfied or unstayed for sixty days. If an event of default occurs and is not cured timely, the lenders under the credit facility shall have no obligation to make further disbursements under the credit facility and all outstanding loans shall be immediately due and payable.

Cole OP II was required to pay certain fees under the credit agreement, including an arrangement fee of \$250,000 to Banc of America Securities, LLC along with an upfront fee equal to 0.45% of the total credit facility. In addition, Cole OP II will pay to Bank of America an annual administrative agency fee of \$50,000. Cole OP II will also pay an annualized fee for any unused portion of the credit facility. The unused portion fee is based on the average daily balance of the total aggregate commitment less any borrowing outstanding and is equal to 0.20% on the daily unused portion of the credit facility if daily usage is less than 50.0% of the aggregate commitments and 0.15% on the daily unused portion of the credit facility if daily usage is greater than or equal to 50.0% of the aggregate commitments.

Cole OP II must also pay certain fees upon the issuance of each letter of credit under the credit agreement and a quarterly fee based on the outstanding face amounts of any letters of credit.

Potential Property Investments

Our advisor has identified certain properties as potential suitable investments for us. The acquisition of each such property is subject to a number of conditions. A significant condition to acquiring any one of these potential acquisitions is our ability to raise sufficient proceeds in this offering to pay all or a portion of the purchase price. An additional condition to acquiring these properties may be our securing debt financing to pay the balance of the purchase price. Such financing may not be available on acceptable terms or at all.

Our evaluation of a property as a potential acquisition, including the appropriate purchase price, will include our consideration of a property condition report; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators.

We will decide whether to acquire each property generally based upon:

satisfaction of the conditions to the acquisition contained in the respective contract;

no material adverse change occurring relating to the properties, the tenant or in the local economic conditions;

our receipt of sufficient net proceeds from the offering of our common stock to the public and financing proceeds to make this acquisition; and

our receipt of satisfactory due diligence information including the appraisal, environmental reports and tenant and lease information.

Other properties may be identified in the future that we may acquire prior to or instead of these properties. Due to the considerable conditions to the consummation of the acquisition of these properties, we cannot make any assurances that the closing of these acquisitions are probable. The properties currently identified are as follows:

Property	Expected Acquisition		Approximate Purchase Price	Approximate Compensation to Sponsor (3)
	Date	Seller (1)	(2)	
LA Fitness Alsip, IL	July 2008	119 th & Cicero, LLC	\$ 10,748,000	\$ 214,960
Weston Shops Weston, FL	July 2008	Weston Shops, LTD.	16,400,000	328,000
			\$ 27,148,000	\$ 542,960

(1) Seller is an unaffiliated third party.

(2) Approximate purchase price does not include acquisition costs, which we expect to be

approximately 3.0% of the contract purchase price, which include acquisition fees described in note 3 below.

- (3) Amounts include acquisition fees payable to an affiliate of our advisor for acquisition fees in connection with the property acquisition.

Each potential property acquisition is subject to a net lease, pursuant to which the tenant is required to pay substantially all operating expenses and capital expenditures in addition to base rent.

The following table presents the historic net operating income derived from our investments in real estate assets for the three months ended March 31, 2008 and the year ended December 31, 2007.

	Three Months Ended March 31, 2008	Year Ended December 31, 2007
Rental revenue (1)	\$ 38,391,466	\$ 87,652,801
Property operating expenses (2)	3,393,619	8,036,479
Net operating income	\$ 34,997,847	\$ 79,616,322

- (1) Rental revenue includes adjustments as defined by GAAP such as straight-line rental revenue, tenant reimbursements and adjustments for the value of above and below market lease amortization.
- (2) The primary property operating expense items are property management fees, repairs and maintenance, property taxes, and insurance. Property operating expenses exclude depreciation, amortization, general and administrative expenses, interest expense and asset management fees.

We consider net operating income (NOI), to be an appropriate supplemental performance measure, because NOI reflects the operating performance of our real estate assets and excludes certain items that are not considered to be controllable in connection with management of each property such as depreciation and amortization, general and administrative expenses and interest expense.

NOI is a non-GAAP financial measure and does not represent net income as defined by GAAP. Net income as defined by GAAP is the most relevant measure in determining our operating performance because NOI includes adjustments that investors may deem subjective, such as adding back expenses such as interest expense, depreciation and amortization. Accordingly, NOI should not be considered as an alternative to net income as an indicator of our operating performance.

Our reconciliation of NOI to reported net income is presented in the following table for the periods ended as indicated:

	Three Months Ended March 31, 2008	Year Ended December 31, 2007

**SUMMARY FINANCIAL INFORMATION OF BUSINESSES ACQUIRED
TRACTOR SUPPLY COMPANY**

We acquired the following property (the TS Carroll Property) leased to Tractor Supply Company (Tractor Supply) between April 30, 2008, the date of our prospectus, and July 29, 2008:

Property Location	Date Acquired	Purchase Price	Square Feet	Year Built
Carroll, Ohio	5/8/2008	\$2,000,000	40,700	1976

Tractor Supply currently operates more than 760 retail stores in 43 states, employs more than 11,600 and is headquartered in Brentwood, Tennessee. Tractor Supply's common stock is traded on The Nasdaq Global Select Market under the symbol TSCO.

In evaluating the TS Carroll Property as a potential acquisition and determining the appropriate amount of consideration to be paid for our interest therein, a variety of factors were considered, including: our consideration of property condition reports; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators. After reasonable inquiry, we are not aware of any material factors relating to the TS Carroll Property, other than those discussed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

Because the TS Carroll Property is 100% leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that the financial condition and results of operations of the tenant, Tractor Supply, are more relevant to investors than the financial statements of the individual property acquired in order to enable investors to evaluate the credit-worthiness of the lessee. Additionally, because the properties are subject to a net lease, the historical property financial statements provide limited information other than rental income, which is disclosed in the section captioned Investment Objectives and Policies Real Property Investments beginning on page 87 of the prospectus. As a result, pursuant to the guidance provided by the Securities and Exchange Commission, we have not provided audited statements of the property acquired.

In evaluating the Walgreens properties as potential acquisitions and determining the appropriate amount of consideration to be paid for our interests therein, a variety of factors were considered, including: our consideration of property condition reports; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators. After reasonable inquiry, we are not aware of any material factors relating to these properties, other than those discussed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

Because the Walgreens properties are each 100% leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that the financial condition and results of operations of the tenant, Walgreens, are more relevant to investors than the financial statements of the property acquired in order to enable investors to evaluate the credit-worthiness of the lessee.
