INFORMATION ABOUT THIS PROXY STATEMENT

We sent you this Proxy Statement and the enclosed proxy card because Lamson's Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. If you own Lamson common stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one set of these proxy materials. To assist us in saving money and to provide you with better shareholder services, we encourage you to have all your accounts registered in the same name and address. You may do this by contacting Lamson's Shareholder Relations Department at (216) 464-3400. This Proxy Statement summarizes information that we are required to provide to you under the rules of the Securities and Exchange Commission and which is designed to assist you in voting your shares. On or about March 31, 2005, we began mailing this Proxy Statement and the enclosed proxy card to all shareholders of record at the close of business on March 3, 2005.

WHAT YOU MAY VOTE ON AT THE ANNUAL MEETING

The election of three directors in Class III, with terms expiring in 2008.

The Board recommends that you vote FOR each of the nominees for director.

The Board of Directors does not know of any other matter which will be presented at the Annual Meeting other than the election of directors. However, if any other matter properly comes before the Annual Meeting, the individuals named on the enclosed proxy card ("proxies") will act on such proposal in their discretion.

1

INFORMATION ABOUT VOTING

Shareholders can vote on matters presented at the Annual Meeting in four ways:

- (a) By Proxy. You can vote by signing, dating and returning the enclosed proxy card. If you do this, the proxies will vote your shares in the manner you indicate. You may specify on your proxy card whether your shares should be voted for all, some or none of the nominees for director. If you do not indicate instructions on the card, your shares will be voted FOR the election of the directors.
- (b) By Telephone. After reading the proxy materials and with your proxy and voting instruction form in front of you, you may call the toll-free number 1-800-542-1160 using a touch-tone telephone. You will be prompted to enter your Control Number from your proxy and voting instruction form. This number will identify you and the Company. Then you can follow the simple instructions that will be given to you to record your vote.
- (c) Over the Internet. After reading the proxy materials and with your proxy and voting instruction form in front of you, you may use your computer to access the Web site <http://www.votefast.com>. You will be prompted to enter your Control Number from your proxy and voting instruction form. This number will identify you and the Company. Then you can follow the simple instructions that will be given to you to record your vote.
- (d) In Person. You may attend the Annual Meeting and cast your vote in

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

person.

The Internet and telephone voting procedures have been set up for your convenience and have been designed to authenticate your identity, allow you to give voting instructions and confirm that those instructions have been recorded properly.

You may revoke your proxy at any time before it is exercised by sending a written notice (or other verifiable form of communication) of revocation to Lamson's Secretary, James J. Abel, prior to the Annual Meeting, or by submitting a later-dated proxy to the Company.

Each share of Lamson common stock is entitled to one vote. As of the record date, March 3, 2005, there were 14,060,997 shares of common stock outstanding.

CUMULATIVE VOTING

Each shareholder has the right to vote cumulatively subject to the following notice provisions. Notice that cumulative voting is desired must be given to the President, a Vice President or the Secretary of Lamson at least forty-eight hours before the Annual Meeting. At the start of the Annual Meeting, Lamson's Chairman or Secretary or the shareholder giving such notice must announce notice was given that cumulative voting is desired. If the notice is properly given, each shareholder will have the right to cumulate his or her voting power and cast all of his or her votes for one or more of the nominees. If voting for the election of directors is cumulative, the persons named in the enclosed proxy will vote the shares represented thereby and by other proxies held by them in such manner and in their discretion so as to elect as many as possible of the three nominees in Class III.

2

INFORMATION REGARDING TABULATION OF THE VOTE

Lamson's policy is that all proxies, ballots and votes tabulated at a meeting of the shareholders are confidential. Representatives of National City Bank will tabulate votes and act as Inspectors of Election at the Annual Meeting.

QUORUM REQUIREMENT

A quorum of shareholders is necessary to hold a valid meeting. Under Lamson's Amended Code of Regulations, if shareholders holding 75% of the voting power are present in person or by proxy, a quorum will exist to elect directors at the meeting. For all other business that may be properly conducted at the Annual Meeting, the holders of common stock entitled to exercise two-thirds of the voting power of the Company, present in person or by proxy, shall constitute a quorum. Abstentions are counted as present for establishing a quorum but broker non-votes are not. A broker non-vote occurs when a broker votes on some matters on the proxy card but not on others because the broker does not have the authority to do so.

The holders of a majority of the voting power represented at the Annual Meeting, whether or not a quorum is present, may adjourn the meeting without notice other than by announcement at the meeting of the date, time and location at which the meeting will be reconvened.

INFORMATION ABOUT VOTES NECESSARY FOR ACTION TO BE TAKEN

Election of Directors

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

The three nominees for director receiving the greatest number of votes will be elected at the meeting. Abstentions and broker non-votes will have no effect on the result of the vote on the election of directors.

Other Matters

The Board of Directors does not know of any other matter which will be presented at the Annual Meeting other than the election of directors discussed in this Proxy Statement. However, if any other matter properly comes before the Annual Meeting, your proxies will act on such proposal in their discretion.

REVOCAATION OF PROXIES

If you give a proxy (either by mailing your proxy card, by telephone or over the Internet), you may revoke it at any time before it is exercised by giving notice to Lamson's Secretary in writing or by means of other verifiable communication prior to the Annual Meeting or by submitting a later-dated proxy to the Company.

COSTS OF PROXY SOLICITATION

Lamson will pay all the costs of soliciting these proxies. In addition to solicitation by mail, proxies may be solicited personally, by telephone or personal interview by an officer or regular employee of the Company. Lamson will also ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy materials to their principals and to obtain authority to execute proxies, and reimburse them for expenses. In addition, Lamson has also retained Georgeson Shareholder Communications, Inc. to aid in

3

the distribution and solicitation of proxies and has agreed to pay Georgeson a fee of approximately \$6,500, plus reasonable expenses.

ELECTION OF DIRECTORS

Nominees for Directors

The Board of Directors currently has ten members and is divided into three classes. At least a majority of the Board must satisfy the independence criteria established by the SEC and the New York Stock Exchange (the "NYSE"). Class III currently consists of three members, Class I currently consists of four members and Class II currently consists of three members. A single class of directors is elected by the shareholders annually for a three-year term. The terms of the following Class III directors expire at the Annual Meeting: James J. Abel, A Malachi Mixon, III and John B. Schulze. For election as Class III directors at the Annual Meeting, the Governance, Nominating and Compensation Committee has recommended, and the Board of Directors has approved, the re-nomination of Mr. Abel, Mr. Mixon and Mr. Schulze to serve as directors for the three-year term of office which will expire at the Annual Meeting of Shareholders in 2008. Each director elected will serve until the term of office of the class to which he is elected expires and until the election and qualification of his successor.

The directors to be elected will be elected by a plurality of the votes cast for directors. It is the intention of the persons named in the enclosed proxy to vote such proxy as specified and, if no specification is made, to vote such proxy for the election of Messrs. Abel, Mixon and Schulze as Class III

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

directors. The Board of Directors recommends that you vote FOR the three nominees for director.

The Board of Directors has no reason to believe that the persons nominated will not be available to serve. In the event that a vacancy among such original nominees occurs prior to the Annual Meeting, shares of common stock of Lamson (the "Common Shares") represented by the proxies so appointed will be voted for a substitute nominee or nominees designated by the Board of Directors and for the remaining nominees.

Listed below are the names of the three nominees for election to the Board of Directors in Class III, and those continuing directors in Classes II and I, who previously have been elected to terms which will expire in 2006 and 2007, respectively. Also listed is the year in which each individual first became a director of the Company, the individual's principal occupation, and certain other information, based in part on data submitted by the directors.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors oversees the business and affairs of Lamson and monitors the performance of management. Non-management directors meet in executive session without management directors present at least quarterly. A presiding non-management director is selected by all of the non-management directors for each meeting. The Board met seven times during 2004. All of the Directors attended at least 75% of the regularly scheduled and special meetings of the Board and Board committees on which they served in 2004. All members of the Board were present at the Company's 2004 Annual Meeting of Shareholders. All Board members are expected to attend the 2005 Annual Meeting of Shareholders.

The Board has determined that to be considered independent, a director must meet the independence criteria set forth in the NYSE's listing requirements. That is, a director may not have a direct or indirect material relationship with the Company. A material relationship is one which impairs or inhibits (or has the potential to impair or inhibit) a director's exercise of critical and disinterested judgment on behalf of the Company and its shareholders. In making its assessment of independence, the Board considers any and all material relationships not merely from the standpoint of the director, but also from that of persons or organizations with which the director has or has had an affiliation or those relationships which may be material, including commercial, industrial, banking, consulting, legal, accounting, charitable and familial

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

relationships, among others. The Board also considers whether a director is a former employee of the Company within the last five years. The Board consults with the Company's counsel to ensure that the Board's determinations with respect to the independence of directors are consistent with the NYSE listing requirements, as well as all relevant securities and other laws and regulations. Consistent with these considerations, the Board affirmatively has determined that the following directors are independent directors: James T. Bartlett, Francis H. Beam, Jr., Martin J. Cleary, John C. Dannemiller, George R. Hill, A. Malachi Mixon, III and D. Van Skilling.

The Board has two standing committees: the Audit Committee and the Governance, Nominating and Compensation Committee. Each committee reports to the Board at the next meeting of the Board following a committee meeting. The Audit Committee and the Governance, Nominating and Compensation Committee held six and five meetings, respectively, in 2004.

STANDING COMMITTEES OF THE BOARD OF DIRECTORS

THE AUDIT COMMITTEE: The Audit Committee is a separately designated standing committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee consists solely of independent directors (as currently required by the NYSE listing standards). Messrs. Beam (Chairman) and Cleary and Dr. Hill currently are the members of the Audit Committee. The functions of the Audit Committee include (i) appointing, retaining, overseeing and terminating the Company's independent registered public accounting firm, both external and internal, and pre-approving all auditing and non-auditing services to be performed by the independent auditors, (ii) reviewing the independence of the independent registered public accounting firm, (iii) reviewing the proposed audit programs (including both independent and internal audits) and the results of the independent and internal audits, (iv) reviewing and evaluating the adequacy of the Company's systems of internal accounting controls, (v) reviewing the recommendations of the independent registered public accounting firm, (vi) reviewing the quarterly and annual financial statements of the Company prior to the filing of such statements with the SEC, and (vii) reviewing such other matters in relation to the accounting, auditing and financial reporting practices and procedures of the Company as the Audit Committee, in its

8

own discretion, may deem desirable in connection with the review functions described above. The functions of the Audit Committee are more fully described in its charter which is posted on the Company's Web site at www.lamson-sessions.com via the Investor Relations page. The Audit Committee meets privately with the independent audit groups for both internal and external audits and the Company's management at each of its meetings.

THE GOVERNANCE, NOMINATING AND COMPENSATION COMMITTEE: The Governance, Nominating and Compensation Committee (the "Committee") consists solely of independent directors (as currently required by NYSE listing standards). Messrs. Skilling (Chairman), Bartlett, Beam, Dannemiller and Mixon currently are the members of the Committee. The Committee considers all material matters relating to the compensation policies and practices of the Company, and administers the Company's incentive plans and base salary policies as they relate to the executive officers of the Company. The Committee also (i) reviews and recommends candidates for election to the Board of Directors, (ii) recommends whether incumbent directors should be nominated for re-election to the Board, and (iii) recommends directors for appointment to any committee of the Board.

The Committee identifies potential director candidates through various means, including recommendation from members of the Board of Directors and shareholders. With respect to any nominee recommended by a shareholder of the

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

Company, a resume of the candidate's business experience and background should be directed in writing to the attention of Lamson's Secretary, 25701 Science Park Drive, Cleveland, OH 44122. The Company's Guidelines on Significant Corporate Issues contain Board membership criteria that apply to assessments by the Committee of potential nominees for a position on the Board. These Guidelines provide that in evaluating and recommending director candidates, the Committee consider a variety of factors, including experience, business judgment and industry knowledge. In addition, the Committee evaluates the candidate's qualifications in light of the needs of the Board and the Company at that time. Finally, the Company requires that at least a majority of its directors satisfy the independence criteria established by the NYSE Listing Requirements, any applicable SEC rules and the Board's criteria for independence described above. The Company's Guidelines on Significant Corporate Issues are posted on the Company's Web site at www.lamson-sessions.com via the Investor Relations page.

The Committee also is responsible for developing and recommending corporate governance principles applicable to the Board in compliance with rules and regulations of the NYSE and the SEC. The functions of the Committee are more fully described in its charter which is also posted on the Company's Web site at www.lamson-sessions.com via the Investor Relations page.

COMMUNICATIONS WITH THE BOARD

Shareholders may communicate with the Board, the non-employee directors as a group or any of the directors by sending written communications addressed to the Board or any of the directors, c/o Secretary, The Lamson & Sessions Co., 25701 Science Park Drive, Cleveland, OH 44122. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Shareholder-Board Communication" or "Shareholder-Director Communication." All communications are compiled by the Secretary and forwarded to the Board or, if appropriate, a committee of the Board or the individual director(s).

9

COMPENSATION OF LAMSON'S DIRECTORS

Directors who are employees of Lamson do not receive any separate fees or other remuneration for serving as a director of the Board. For fiscal year 2004, non-employee directors were each paid an annual retainer of \$15,000 for their service on the Board of Directors, and received an additional fee of \$1,500 for each Board meeting and \$2,500 for each Committee meeting attended. Each of the Chairmen of the Audit Committee and the Governance, Nominating and Compensation Committee received an additional annual fee of \$5,000. Directors may also participate in the Company's Deferred Compensation Plan for Non-Employee Directors (the "Plan"), under which directors may elect to defer their annual retainers and meeting fees. Under this Plan, deferred fees may be invested by the trustee, at a director's option, in either a money market fund or Common Shares of the Company. If a director elects to have this deferred compensation invested in Common Shares of the Company, the director will receive an additional sum equal to 25% of the deferred amount in the form of restricted shares issued from the Company's 1998 Incentive Equity Plan, as amended and restated as of April 30, 2004, (the "1998 Plan").

Lamson's current non-employee directors are provided with certain retirement and death benefits under the Company's Outside Directors' Benefit Program (the "Program"). All current non-employee directors have completed an aggregate of one year of continuous service and are eligible to participate. The Program generally provides for normal retirement benefits payable upon retirement and completion of five years of continuous service. The Program also contains provisions for early retirement benefits, vested deferred retirement benefits, a "change in control" of the Company, disability retirement benefits

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

and survivors' benefits upon the death of a participant. Participants in the Program, or their beneficiaries, are eligible to receive benefits in an amount equal to the annual retainer being paid to the participant for service as a non-employee director as of December 31, 2004, with such adjustments as are necessary based on the date of retirement or death. Retirement or death benefits under the Program are payable for a ten-year period on a quarterly basis, commencing upon the date of retirement or death. Either the participant, the participant's beneficiary or the Company can elect that such retirement or death benefits be paid in an actuarially-equivalent, lump-sum payment. In 2004, Lamson's Board of Directors "froze" the Program. As a result, only the current non-employee Directors are eligible to receive benefits under the Program, and any person not presently serving on the Board will not be entitled to participate in the Program.

STOCK OPTION GRANTS TO NON-EMPLOYEE DIRECTORS: The 1998 Plan authorizes the grant of options to non-employee directors for the purchase of Common Shares. The 1998 Plan provides that each year on the Monday following the Annual Meeting of Shareholders, each individual elected, re-elected or continuing as a non-employee director automatically will receive a non-qualified option to purchase 4,000 Common Shares. The exercise price for such options is the average of the high and low prices at which the Common Shares traded on the NYSE on the date of grant. Options become exercisable one year after the date of grant and expire ten years after the date of the grant. Prior to April 30, 2004, such option grants were made to non-employee directors under Lamson's Non-Employee Directors Stock Option Plan (the "Directors Plan"). The Directors Plan expired on April 22, 2004 and no future grants will be made thereunder. As of January 1, 2005, there were options outstanding under the Directors Plan representing 113,000 shares of the Company's Common Stock. The options outstanding under the Directors Plan may be exercised pursuant to the terms of the stock option agreements, which expire on or before May 5, 2013.

Options granted under the Directors Plan to a non-employee director must be exercised within 36 months of retirement as a director or within 12 months from the date a director resigns due to disability. Upon the death of a non-employee director, the director's legal representative or heirs will have

10

twelve months from the date of death to exercise his stock options. However, in no event will options be exercisable after the expiration of the 10-year option period.

If a director resigns, or ceases to serve as a non-employee director for any reason other than retirement, disability or death, only those options exercisable on the date of termination will be exercisable. Such options may be exercised within ninety days after termination.

In the event of a "change in control" of the Company (as defined in the Directors Plan and in the 1998 Plan), all stock options fully vest and become exercisable.

Pursuant to the 1998 Plan, on May 3, 2004 each non-employee director was granted a non-qualified stock option to purchase 4,000 Common Shares at an exercise price of \$6.545 per share. These stock options are scheduled to become exercisable on May 3, 2005.

(1) Amounts shown for 2004 include the cost (exclusive of tax reimbursement and gross-up) of split dollar insurance maintained by the Company to provide death benefits for Mr. Schulze, Mr. Abel, Mr. Gutierrez, Mr. Sutterer and Mr. Catani of \$25,139, \$6,178, \$8,500, \$8,047 and \$16,500, respectively.

(2) Includes matching contributions up to 75% of the first 6% of an employee's compensation contributed to the Company's 401(k) Deferred Savings Plan with an additional 25% match based on the Company's profitability, which is available to all salaried employees. On February 17, 2004, the Governance, Nominating and Compensation Committee of the Board of Directors approved a

25% match based upon the Company's financial performance for fiscal year 2004. The matching contributions made by the Company under the Plan to the accounts of: Mr. Schulze, Mr. Abel, Mr. Gutierrez, Mr. Sutterer and Mr. Catani in 2004 totaled \$10,719, \$10,719, \$10,719, \$10,719 and \$1,764, respectively.

(3) Includes deferred compensation pursuant to Stock Ownership Guidelines for Executive Officers implemented by the Governance, Nominating and Compensation Committee of the Board of Directors. Pursuant to the Stock

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

Ownership Guidelines, officers may elect to defer income earned in a fiscal year. However, the deferral for which the election is made does not occur until February following the end of the fiscal year specified by the officer's election, since bonuses for any fiscal year most recently ended are not approved by the Governance, Nominating and Compensation Committee until then. For fiscal year 2004, the income amounts deferred by Mr. Gutierrez and Mr. Sutterer were \$17,200 and \$15,000, respectively. For fiscal year 2003, there were no bonuses paid, therefore, no deferrals were possible in February 2004. For fiscal year 2002, the income amounts deferred by Mr. Abel, Mr. Gutierrez, Mr. Sutterer and Mr. Catani were \$32,475, \$7,453, \$6,366 and \$12,735, respectively, which were deferred in February 2003, upon approval of bonuses for fiscal year 2002 by the Governance, Nominating and Compensation Committee. In addition, for those officers who elect to defer a portion of their bonuses, the Company matches 20% of the deferred amounts in the form of restricted shares to these executives, issued from the 1998 Plan.

- (4) Mr. Gutierrez and Mr. Sutterer are responsible for the business segments of Carlon and Lamson Home Products, respectively. Mr. Catani is responsible for the manufacturing operations of the Company.
- (5) Reflects reimbursement of taxes resulting from participation in the split dollar insurance program.

- (1) Options are exercisable after April 30, 2005 and then only as follows: one-third on each anniversary of the grant date over three years, with the number of shares vested in each year rounded to the nearest whole share. In the event of a "change in control" of the Company (as defined in the 1998

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

Plan), all stock options fully vest and become exercisable and all awards of stock may be cashed out on the basis of the highest price paid or offered for Common Shares during the preceding 60-day period.

- (2) The present value determinations in this column were made pursuant to rules promulgated by the SEC using a Black-Scholes option pricing model and, therefore, are not intended to forecast possible future appreciation, if any, of the Company's Common Shares. The actual value, if any, an executive officer may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so that there is no assurance that the value realized by an executive officer will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on arbitrary assumptions as to variables such as interest rates, stock price volatility, time of exercise and dividend yield. The Company determined the estimated values using volatility assumptions based on 113 months of stock prices; interest rate assumptions based on the five-year Treasury Strip Yield, as reported in The Wall Street Journal; a dividend yield assumption of zero; and an assumed time of exercise of the option of five years.

The amounts listed in the table are computed on a straight-life annuity basis and are subject to an offset for Social Security benefits. These amounts have been determined without regard to the maximum benefit limitations for defined benefit plans and the limitations on compensation imposed by the Internal Revenue Code of 1986, as amended (the "Code"). The Code places limitations on the amount of compensation that may be taken into account in calculating pension benefits and on the amount of pensions that may be paid under federal income tax qualified plans such as the Lamson & Sessions Plan. For benefits accruing in plan years beginning after 1999, no more than \$205,000 (indexed for inflation) in annual compensation may be taken into account. However, under the Supplemental Executive Retirement Plan agreements ("SERPs"), described below, participating executives will receive the amounts to which they otherwise would have been entitled under the Lamson & Sessions Plan provided they meet the terms of the applicable SERP.

The amounts shown in the column under the heading "Average Annual Compensation" are based on the highest five consecutive years of compensation during the last ten years prior to retirement and include salary, overtime and bonuses, but exclude commissions and stock option awards. Normal retirement benefits under the Lamson & Sessions Plan are equal to the greater of (a) 50% of a participant's average annual compensation based on the highest five consecutive years during the last ten years prior to retirement less 50% of the participant's primary Social Security benefit or (b) \$3,600

14

times a fraction, the denominator of which is 30 and the numerator of which is the participant's number of years of service up to 30.

Messrs. Schulze, Abel, Gutierrez, Sutterer and Catani are participants in the Lamson & Sessions Plan with 17, 14, 8, 16 and 9 years of credited service, respectively, under the Lamson & Sessions Plan. The Company has entered into

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

amended and restated SERPs with Messrs. Schulze and Abel. Messrs. Schulze and Abel will not be able to achieve thirty years of service on their normal retirement dates.

The SERPs provide that the executive will receive, upon normal retirement, a supplemental retirement benefit equal to the difference between (i) the amount that would have been payable to the executive under the Lamson & Sessions Plan, without regard to any federal statutory limitation on the annual amount of benefits payable under the Lamson & Sessions Plan and the amount of compensation taken into account in calculating benefits under the Lamson & Sessions Plan, as if the executive had completed thirty years of service with the Company, and (ii) the amount actually payable to the executive under the Lamson & Sessions Plan or under any other applicable plan for which the executive meets the eligibility requirements. The SERPs also provide for, among other things, disability benefits and benefits in the event the executive's employment with the Company is terminated under certain circumstances prior to retirement and in the event of the executive's death prior to retirement under certain circumstances.

AGREEMENTS WITH CERTAIN OFFICERS

Lamson has entered into agreements with Messrs. Schulze, Abel, Gutierrez, Sutterer and Catani and four other executives (as amended, the "Executive Change-in-Control Agreements"), which specify certain financial arrangements that the Company will provide upon the termination of such individuals' employment with the Company under circumstances involving a "change in control" (as defined in the Executive Change-in-Control Agreements) of the Company. The Executive Change-in-Control Agreements are intended to ensure continuity and stability of senior management of the Company.

Each of the Executive Change-in-Control Agreements provides that, in the event of a "change in control" of the Company, the individual would continue employment with the Company in the individual's then current position for a term of three years for Mr. Schulze and two years for each of the other executives following the "change in control." Following a "change in control," the individual would be entitled during the ensuing period of employment to receive base compensation and to continue to participate in incentive and employee benefit plans consistent with past practices. Upon the occurrence of a "change in control" followed by (i) a significant adverse change in the nature or scope of the individual's duties or compensation, (ii) the individual's determination of being unable effectively to carry out the current duties and responsibilities, (iii) relocation of the individual's principal work location to a place more than fifty miles from the principal work location immediately prior to the "change in control," (iv) the liquidation, merger or sale of the Company (unless the new entity assumes the Executive Change-in-Control Agreement) or (v) a material breach of the Executive Change-in-Control Agreement, the individual would be entitled to resign and would be entitled to receive a lump sum payment equal to the present value of the then current base compensation and incentive compensation (based on historical experience). The individual would also be entitled to continue to participate in employee benefit plans consistent with past practices for the remaining period of employment provided in his Executive Change-in-Control Agreement. In the case of a "change in control," the Executive Change-in-Control Agreements also provide for protection of certain retirement benefits which would have been earned

15

during the years for which severance was paid and reimbursement for any additional tax liability incurred as a result of excise taxes imposed or payments deemed to be attributable to the "change in control."

The Executive Change-in-Control Agreements do not create employment

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

obligations for the Company unless a "change in control" has occurred, prior to which time the Company and the individual each reserves the right to terminate the employment relationship. Both before and after the occurrence of a "change in control" the Company may terminate the employment of any of such individuals for "cause."

The Company has established trust agreements pursuant to which amounts payable under the SERPs, the Executive Change-in-Control Agreements and certain expenses incurred by the officers in enforcing their rights under these arrangements, must be deposited by the Company in trust and expended by the trustee for such purposes. Such trusts are revocable, but upon the occurrence of certain "change in control" events affecting the Company, will become irrevocable. The trusts are currently nominally funded, but the Company is obligated to fund them fully upon the occurrence of the "change in control" events.

The Company has also entered into Indemnification Agreements with each current member of the Board of Directors as well as each of the Company's executive officers. These agreements provide that, to the extent permitted by Ohio law, the Company will indemnify the director or officer against all expenses, costs, liabilities and losses (including attorneys' fees, judgments, fines or settlements) incurred or suffered by the director or officer in connection with any suit in which the director or officer is a party or otherwise involved as a result of the individual's service as a member of the Board of Directors or as an officer if the individual's conduct that gave rise to such liability meets certain prescribed standards.

GOVERNANCE, NOMINATING AND COMPENSATION COMMITTEE REPORT

OVERVIEW AND PHILOSOPHY

The Governance, Nominating and Compensation Committee of the Board of Directors (the "Committee") is composed entirely of non-employee directors and has been delegated the responsibility of approving the cash and non-cash compensation of all executive officers of the Company and making recommendations to the Board of Directors with respect to the establishment of the Company's executive compensation plans. No member of the Committee has interlocking relationships, reporting of which is required by applicable rules of the SEC.

In administering the various executive compensation plans, the aim of the Committee is to attract and retain key executives critical to the long-term success of the Company, to create incentives for executives to achieve long-term strategic management objectives that enhance shareholder value, to provide a balance between annual and long-term forms of compensation and, above all, to ensure that total compensation is performance-oriented and related to Company goals and objectives, using measurable criteria to the extent possible.

The Committee has considered the impact of Section 162(m) of the Code, which disallows a deduction to publicly-held companies for compensation paid to any executive officer whose compensation exceeds \$1 million per year. Qualified performance-based compensation is excluded from this deduction limitation if certain requirements are met. The Committee believes that Section 162(m) should not cause the Company to be denied a deduction for compensation paid to any executive officer in 2004.

16

EXECUTIVE OFFICER BASE COMPENSATION

Each executive officer's base salary is reviewed by the Committee at the time of the officer's annual performance review. The base salary is recommended

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

to the Committee by the Chairman of the Board and Chief Executive Officer (the "Chairman") and falls within a salary range for each officer's job function that has been established by an independent executive compensation consultant, based, in part, on information collected by the consultant concerning compensation for executives with similar responsibilities at companies with comparable size and geographic location. Typically, salaries fall throughout the range and are not based on an arbitrary percentage of the highest salary within the range. In each case, the Committee reviews the recommendation of the Chairman and approves the salary only after making an independent assessment of the individual executive's performance.

Mr. Schulze's compensation is based upon the same factors considered with regard to executive officer compensation generally. The components making up his 2004 compensation included base salary, short-term incentive compensation and stock options. Pursuant to the annual incentives established by the Committee, seventy-two percent of Mr. Schulze's base salary represents his target award, the achievement of which was contingent upon the attainment of specific financial performance goals. The Committee's award of stock options to Mr. Schulze under the 1998 Plan was based on the same methodology used to calculate the awards of options to other executive officers under the 1998 Plan and designed to further align Mr. Schulze's interests with those of other shareholders of the Company.

In determining Mr. Schulze's compensation, the Committee considered the Company's performance. The Committee discusses and determines priorities with Mr. Schulze at the beginning of the year and discusses his performance with respect to these priorities periodically during the year and at the end of the year.

Mr. Schulze is not present when the Committee reviews his performance and determines his compensation.

SHORT-TERM INCENTIVE COMPENSATION

Target award levels are established annually by the Committee for each executive officer of the Company. In 2004, Mr. Schulze's award is based solely on the financial performance of the Company expressed in terms of earnings before interest, taxes, depreciation and amortization (EBITDA). Other executive officers' achievement of target awards is based 80 percent on the financial performance of the Company and 20 percent on the achievement of specific personal goals and objectives. In 2004, the Company's Short-Term Incentive Plan provided target award opportunities for executive officers that ranged from 42 to 72 percent of base salary, although amounts could vary above and below that range depending upon Company performance and individual accomplishment.

STOCK OPTIONS AND LONG-TERM INCENTIVE COMPENSATION

The Committee also is charged with the responsibility of administering the 1998 Plan, under which stock options are granted to executive officers and other employees of the Company. The Committee believes that stock options align the interests of the executive officers with those of the shareholders, providing a way in which the executive officers can build a meaningful stake in the Company. Accordingly, the Committee has approved the implementation of stock ownership guidelines for the executive officers that are to be achieved over a fixed period of time. The guidelines are based on each

executive officer's respective salary compensation level and they will be reviewed by the Committee at appropriate intervals.

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

The Committee fixes the terms, vesting requirements and the size of the grants of stock options awarded to the executive officers without regard to the amount of options or the expiration dates of options already held by executive officers. The size of each grant is based on the duties, responsibilities, performance and experience of the executive officer and his anticipated contribution to the Company. Options granted to executive officers vest one-third on each anniversary over three years, with the number of shares vested in each year rounded to the nearest whole share.

Because stock options under the 1998 Plan and grants under the Company's Long-Term Incentive Plan are both forms of long-term executive compensation, grants under both plans are generally considered at the same time. Awards under the Long-Term Incentive Plan are made in the form of performance units payable upon the achievement of three-year corporate goals, currently expressed in terms of financial performance. The Committee determines the goals under which these awards are made from year to year. The Committee did not approve the grant of performance units under the Company's Long-Term Incentive Plan to executive officers for 2004.

CERTAIN BUSINESS RELATIONSHIPS

During the past fiscal year, the Company, in the normal course of business, utilized the services of the law firm of Jones Day in which Mr. Coquillet is a partner. The Company plans to continue using the services of the firm in 2005.

19

DIRECTORS DEFERRED PLAN

The Directors Deferred Plan provides Directors the opportunity to defer their annual retainers and meeting fees. Such deferred fees may be invested, at each Directors election, in either a money market fund or in Common Shares of the Company. If a Director elects to have this deferred compensation invested in Common Shares, the director will receive restricted shares, issued from the 1998 Plan, equivalent to 25% of the dollar amount deferred by the director.

EXECUTIVE OFFICERS DEFERRED PLAN

The Executive Officers Deferred Plan provides designated executive officers and other key employees of the Company the opportunity to defer bonus compensation payable to them under the Company's annual incentive compensation program. Such deferred compensation is invested in deferred Common Shares of the Company. If a participant elects to have his or her bonus deferred, the Company will issue Restricted Shares under the 1998 Plan to such participant in the amount equal to 20% of the deferred annual incentive compensation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Lamson's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC, the NYSE and the Pacific Stock Exchange, and to provide Lamson with copies of such reports.

Based solely on review of the copies of such reports furnished to the Company, or written representation that no forms were required to be filed, the Company believes that during the year ended January 1, 2005, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with, except: (i) on April 30, 2004, each of the following executive officers: James J. Abel, Norman E. Amos, Albert J. Catani, II, Eileen E. Clancy, Donald A. Gutierrez, Charles W. Hennon, John B. Schulze, Lori L. Spencer and Norman P. Sutterer, was awarded a stock option grant. Form 4s for these grants were not filed until August 6, 2004; (ii) on May 3, 2004, each of the following non-employee directors: James T. Bartlett, William H. Coquillet, John C. Dannemiller, George R. Hill, A. Malachi Mixon, III and D. Van Skilling, was awarded a stock option grant. Form 4s for these grants were not filed until July 23, 2004; and (iii) on May 3, 2004, each of the following non-employee directors: Francis H. Beam, Jr. and Martin J. Cleary, was awarded a stock option grant. Form 5s, reflecting their awards, were filed January 24, 2005.

AUDIT COMMITTEE REPORT

The Board of Directors of the Company adopted a written Audit Committee Charter. All members of the Audit Committee are independent as required by the NYSE's current listing standards. The Committee met six times in 2004. The Audit Committee has implemented procedures through which it devotes the attention that it deems necessary and appropriate to carry out its responsibilities, during a fiscal year, in each of the matters assigned to it under the Audit Committee

Edgar Filing: LAMSON & SESSIONS CO - Form DEF 14A

Charter, a copy of which is posted on the Company's Web site at www.lamson-sessions.com via the Investor Relations page.

The Audit Committee has reviewed and discussed with the Company's management and Ernst & Young LLP ("Ernst & Young"), the Company's independent registered public accounting firm, the

20

audited financial statements of the Company contained in the Company's Annual Report to Shareholders for the fiscal year ended January 1, 2005, as well as quarterly financial statements all prior to their issuance. The Audit Committee has also discussed with the Company's independent registered public accounting firm the matters required to be discussed pursuant to SAS No. 61 (Codification of Statements on Auditing Standards, Communication with Audit Committees) and SAS No. 90 (Audit Committee Communications). The Committee's meetings include executive sessions with the Company's independent registered public accounting firm and with the Company's internal auditors, in each case without the presence of the Company's management.

Among other things, the Committee also oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics, conflicts of interest and the Company's internal auditing process.

The Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1 (titled, "Independence Discussions with Audit Committees"), and has discussed with Ernst & Young their independence. The Audit Committee has also considered whether the provision of non-audit services to the Company by Ernst & Young is compatible with maintaining their independence and has pre-approved all non-audit services.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 1, 2005, filed with the U.S. Securities and Exchange Commission.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

For many years the firm of Ernst & Young in Cleveland, Ohio, has served as the independent registered public accounting firm to the Company.
