Independent Auditor's Report

To The Plan Administrator of the
RPM International Inc. 401(K) Trust and Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the RPM International Inc. 401(K) Trust and Plan, as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2004, and the supplemental schedule of assets held for investment purposes at December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note A, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 and the supplemental schedule of assets held for investment purposes at December 31, 2004, on the basis of accounting described in Note A.

NOTE A SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The Plan's policy is to prepare its financial statements on the modified cash basis of accounting. Contributions are recorded on the accrual basis, dividends are recorded on the ex-dividend date, and other revenues are recognized when received rather than when promised or earned. Certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred.

Investment Valuation and Income Recognition. Investments are stated at fair value as determined by the custodian using quoted market prices at December 31, 2004 and 2003. Participant loans are valued at their outstanding balances which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Contributions. Contributions are recorded on an accrual basis.

Payment of Benefits. Benefits are recorded when paid.

Use of Estimates. The preparation of financial statements, in conformity with the modified cash basis of accounting, requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities, actual results could differ from those estimates.

NOTE B DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

contributions into various investment options offered by the Plan. The Plan currently offers sixteen investment funds as investment options for participants. The Company contributes 100 percent of the first 3 percent and 50 percent of the next 2 percent of compensation that a participant contributes to the Plan, the matching Company contribution is invested in the same manner that the participants invest their own contributions. Contributions are subject to certain limitations.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
 4. **Vesting.** Vesting is immediate for contributions, both employee and employer, and earnings thereon.
 5. **Participant Loans.** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.0 percent to 10.5 percent. Principle and interest is paid ratably through payroll deductions.
 6. **Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant generally will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE E PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE F INCOME TAX STATUS

The Plan obtained its latest determination letter on September 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G DERIVATIVE FINANCIAL INSTRUMENTS

The Plan has no instrument that, in whole or in part, is accounted for as a derivative instrument under FASB statement No. 133, *Accounting for Derivative Instruments and Hedging Activities* during the current Plan year.

NOTE I RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.
