IMPORTANT NOTICE REGARDING DELIVERY
OF SHAREHOLDER DOCUMENTS

The Securities and Exchange Commission (SEC) permits mutual funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders.

EATON VANCE, OR YOUR FINANCIAL ADVISER, MAY HOUSEHOLD THE MAILING OF YOUR DOCUMENTS INDEFINITELY UNLESS YOU INSTRUCT EATON VANCE, OR YOUR FINANCIAL ADVISER, OTHERWISE.

If you would prefer that your Eaton Vance documents not be householded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser.

Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

-----

From time to time mutual funds are required to vote proxies related to the

securities held by the funds. The Eaton Vance Funds or their underlying Portfolios vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures without charge, upon request, by calling 1-800-262-1122. This description is also available on the Securities and Exchange Commission's website at http://www.sec.gov.

LETTER TO SHAREHOLDERS

\_\_\_\_\_\_

[Photo of James B. Hawkes]

James B. Hawkes
President

As a tentative economy resulted in dramatically lower interest rates, Eaton Vance Senior Income Trust again provided an attractive yield in a portfolio of senior floating-rate loans. Based on the Trust's June monthly dividend of \$0.044 per share and a closing share price of \$8.920, the Trust's market yield was 5.92% at June 30, 2003.(1)

SHORT-TERM INTEREST RATES CONTINUED TO DECLINE FURTHER IN THE FIRST SIX MONTHS OF 2003...

The fiscal year ended June 30, 2003 was characterized by modest steps toward economic recovery and an improvement in credit conditions. First quarter 2003 GDP expanded at a sluggish 1.4%, followed by a 2.4% growth rate in the second quarter. The Federal Reserve maintained an accommodative monetary posture throughout the fiscal year and, by June 30, had lowered the Federal Funds rate to 1.0%. However, while many anecdotal measures reiterated the slowness of the recovery, an upturn in corporate earnings suggested a distinct turn for the better.

FLOATING-RATE LOANS PERFORMED WELL IN AN UNCERTAIN PERIOD...

In light of the difficult economic and geopolitical environment, the loan market performed relatively well during the year. Especially encouraging, loan prices rose in response to the improved business outlook, a trend reflected in the Trust. And while the Trust's dividend reflected the downward trend in interest rates, it nonetheless continued to represent a competitive yield relative to other income producing vehicles. And the Trust's floating-rate loans - typically senior and secured - provided a measure of protection in the

course of an uncertain year. In short, the loan market performed well within expectations.

A STRONGER ECONOMY COULD MEAN NEW INCOME OPPORTUNITIES IN SENIOR FLOATING-RATE LOANS ...

A rebound in equity prices has contributed to a rise in consumer confidence. Meanwhile, the falling dollar has given a boost to export-sensitive companies and corporate profits have edged higher, helped, in part, by cost cuts. Finally, the tax cuts enacted in the spring are expected to boost consumer spending as the year progresses. Clearly, the pieces are in place for a recovery, although the pace of the recovery remains unknown. As conditions improve, we expect that a stronger economy will provide fresh income opportunities in senior floating- rate loans. In the pages that follow, portfolio managers John Redding, Scott Page and Payson Swaffield discuss the events that impacted the loan market and the Trust during the past year.

Sincerely,

/s/ James B. Hawkes

#### MANAGEMENT DISCUSSION

\_\_\_\_\_\_

[photo of John P. Redding}
John P. Redding

An interview with John P. Redding, Scott H. Page and Payson F. Swaffield, portfolio managers of Eaton Vance Senior Income Trust.

- Q: John, this has been a very eventful year, marked by the war in Iraq, a tentative economic recovery, waning investor confidence and record low interest rates. How has the loan market responded in this climate?
- A: MR. REDDING: This has been a pivotal year in the loan market. Even as interest rates have continued to trend lower, the underlying fundamentals of the loan market have improved dramatically from last year, when the market suffered from the recession, a variety of corporate governance issues and the lingering aftermath of September 11. Credit conditions improved significantly in the first half of 2003. The economy has showed more vigor and companies are posting stronger earnings relative to last year's results. And, with "official hostilities" having ended in Iraq, consumer confidence appears to have been partially restored.

The technical conditions within the loan market have also improved, as rising loan issuance has been met by stronger investor demand. Moreover, the loan market has benefited from its reputation as a very low-duration vehicle. While interest rates remain low, the improved business climate has helped loan values recover significantly, contributing to returns in recent months.

[photo of Scott H. Page]
Scott H. Page

- Q: Scott, why was the recovery in loan values a significant development?
- A: MR. PAGE: It's noteworthy for several reasons. Loan values understandably declined during 2002, as the economic downturn impacted some companies' cash flows. However, while that was a fairly predictable part of the cycle, the loan market held up very well in the face of events that provided a major shock to other asset classes. It's also worth noting that the rise in loan values in the first half of 2003 suggests an upturn in the credit cycle. Finally, it helps confirm a trend that we have pointed out for some time: namely, the maturation of the loan market. Loan prices have responded to a gradual pick-up in economic activity, a move that further validates investors' confidence in the asset class.

Five Largest Sector Weightings (1)

Cable Television	11.1%
Casinos & Gaming	9.8%
Publishing & Printing	9.3%
Commercial Services	9.0%
Manufacturing	7.6%

#### Trust Overview(1)

Total net assets	\$306.4 million

#### MANAGEMENT DISCUSSION CONT'D

\_\_\_\_\_\_

[photo of Payson F. Swaffield]
Payson F. Swaffield

- Q: Payson, how would you evaluate the Trust's performance during the fiscal year?
- A: MR. SWAFFIELD: The Trust performed very well in this climate. Share price rose 14.9% alone and reflected the improvement in credit conditions and the overall loan market, with much of that improvement occurring in the first half of 2003. Not surprisingly, the Trust's monthly dividends declined somewhat during the year in response to the continued decline in short-term interest rates. However even with the reduced dividends the Trust had a market yield of 5.92% at June 30, 2003. That yield remains very competitive and well above most other income-producing investment vehicles.(1)

On a net asset value basis, the Trust had a total return of 8.04%.(2) That return outperformed the 6.86% return of the benchmark CSFB Leveraged Loan Index.(3) The Trust benefited from its broad diversification across the improving economy. The Trust maintained an exposure to companies with defensive properties as well as more cyclical companies that will benefit from an upturn in overall economic activity.

- Q: What were the main drivers of performance during the fiscal year?
- A: MR. REDDING: The cable sector, the Trust's largest sector weighting, fared relatively well during the fiscal year. Cable has been attractive during the economic slowdown because, unlike the many industries that experience revenue shortfalls in a recession, cable companies have enjoyed fairly stable revenues. Put simply, customers tend to be very diligent about paying their cable bills. Cable operators have also created additional

revenue sources by offering new services. At a time when subscriber growth rates have slowed somewhat, cable providers have been able to offer additional services, such as high-speed Internet and interactive functions. This has enabled companies to package services, adding revenue while providing a clear advantage for their customers.

The Trust sharply pared its exposure to investment in Adelphia, a troubled cable provider. Irregularities and governance issues caused the company's loans to be valued lower, resulting in a slight loss to the Trust.

In a related area, the Trust had investments in satellite broadcasters. Using a competing technology, satellite broadcasters target a similar market as cable and offer a broad range of options, including Internet, interactive and high definition television.

- Q: Casinos and gaming was another major sector weighting for the Trust. How has that area fared?
- A: MR. PAGE: The casino and gaming segment has held up relatively well during the economic slowdown. The Trust's investments included companies with exposure to the traditional Las Vegas destination resorts, as well as companies with properties in newer gaming jurisdictions. This latter strategy has served the industry well in the past year, as many families, concerned about geopolitical uncertainties, have opted for vacations closer to home. That has partially offset a slowdown in convention business. In addition, the "drive-to" casinos have not been as affected by the falloff in airline traffic. The Trust's investments have emphasized well-capitalized companies, for whom revenues held up well in a weak economy and whose free cash flow has remained relatively strong.
- (1) The Trust's market yield is calculated by dividing the most recent dividend per share by the share market price at the end of the period and annualizing the result. (2) Returns are historical and are calculated by determining the percentage change in market value or net asset value with all distributions reinvested. (3) The CSFB Leveraged Loan Index is an unmanaged representative index of tradable, senior, secured, U.S. dollar-denominated leveraged loans. It is not possible to invest directly in an Index.

EATON VANCE SENIOR INCOME TRUST AS OF JUNE 30, 2003

MANAGEMENT DISCUSSION CONT'D

- Q: Did any cyclical sectors contribute to performance?
- A: MR. SWAFFIELD: Yes. Publishing and printing was a significant investment for the Trust. This category includes a number of areas that could benefit from a stronger economy. Publishers of newspapers and trade magazines typically enjoy stronger advertising revenues in an economic recovery, as companies expand their marketing and ad budgets. In addition, newspaper companies may benefit from the approach of another presidential election year, which has historically boosted advertising linage. The Trust also has investments in printers that serve the financial and legal professions.

The Trust's publishing investments also included publishers of "white and yellow page" directories. The increase in the number of local phone carriers during the 1990s was accompanied by a rise in the number of independent phone directories, a fairly costly venture for the phone companies. The past year has seen a trend toward divestiture of these directories, and their purchases by financial sponsors and/or publishers

with more cost-effective production and marketing capabilities.

- Q: Were there any areas where the Trust has reduced its exposure?
- A: MR. REDDING: Yes. The Trust limited its exposure to the telecom sector. The Trust avoided the companies that were most adversely affected by the industry's woes and thus limited its losses in that troubled area. The difficulties of some companies together with corporate governance issues have depressed valuations somewhat within the sector, even among healthy companies, a trend that had a modestly adverse impact on the Fund. Competition within the industry remains fierce and, while the long-term demand for data, voice and video service appears promising, the shakeout within the industry is likely to continue for a while longer.

Looking at the broader market, we believe that a stronger economy should lead to further improvement in credit conditions. In addition, if interest rates rise over time, the income returns of floating-rate returns will improve. That would help preserve purchasing power and make floating-rate loans a fairly effective hedge against a return of inflation.

The views expressed in this report are those of the portfolio managers and are current only through the end of the period of the report as stated on the cover. These views are subject to change at any time based upon market or other conditions, and Eaton Vance disclaims any responsibility to update such views. These views may not be relied on as investment advice and, because investment decisions for an Eaton Vance fund are based on many factors, may not be relied

- (1) Senior floating rate interests often require prepayments from excess cash flows or permit the borrower to repay at its election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, it is anticipated that the senior floating- rate interests will have an expected average life of approximately two to four years.
- (2) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers.
- (3) Priced by adviser.
- (4) Non-income producing security.

Payable to affiliate for Trustees' fees

Accrued expenses:

Note: At June 30, 2003, the Trust had unfunded commitments amounting to \$9,630,471 under various revolving credit agreements.

NOTES TO FINANCIAL STATEMENTS

-----

#### 1 Significant Accounting Policies

Eaton Vance Senior Income Trust (the Trust) is an entity commonly known as a Massachusetts business trust and is registered under the Investment Company Act of 1940 as a non-diversified closed-end management investment company. The Trust's investment objective is to provide a high level of current income consistent with the preservation of capital, by investing primarily in senior, floating rate loans. The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

Certain prior year amounts have been reclassified for presentation purposes.

A Investment Valuation -- The Trust's investments are primarily in interests in senior floating rate loans (Senior Loans). Certain Senior Loans are deemed liquid because reliable market quotations are readily available for them. Liquid loans are valued on the basis of prices furnished by a pricing service. Other Senior Loans are valued at fair value by the Trust's investment adviser, Eaton Vance Management (EVM), under procedures established by the Trustees as permitted by Section 2(a)(41) of the Investment Company Act of 1940. Such procedures include the consideration of relevant factors, data and information relating to fair value, including (i) the characteristics of and fundamental analytical data relating to the Senior Loan, including the cost, size, current interest rate, period until next interest rate reset, maturity and base lending rate of the Senior Loan, the terms and conditions of the Senior Loan and any related agreements and the position of the loan in the borrower's debt structure; (ii) the nature, adequacy and value of the collateral, including the Trust's rights, remedies and interests with respect to the collateral; (iii) the creditworthiness of the Borrower, based on evaluations of its financial condition, financial statements and information about the Borrower's business, cash flows, capital structure and future prospects; (iv) information relating to the market for the Senior Loan including price quotations for and trading in the Senior Loan and interests in similar loans and the market environment and investor attitudes towards the Senior Loan and interests in similar loans; (v) the experience, reputation, stability and financial condition of the agent and any intermediate participant in the loan; and (vi) general economic and market conditions affecting the fair value of the Senior Loan. Non-loan portfolio holdings (other than short-term obligations, but including listed issues) may be valued on the basis of prices furnished by one or more pricing services which determine prices for normal, institutional-size trading units of such securities using market information, transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. In certain circumstances, portfolio securities will be valued at the last sales price on the exchange that is the primary market for such securities, or the average of the last quoted bid price and asked price for those securities for which the over-the-counter market is the primary market or for listed securities in which there were no sales during the day. Marketable securities listed in the NASDAQ National Market System are valued at the NASDAQ official closing price. The value of interest rate swaps will be based upon a dealer quotation. Short-term obligations which mature in 60 days or less are valued at amortized cost, if their original term to maturity when acquired by the Trust was 60 days or less, or are valued at amortized cost using their value on the 61st day prior to maturity, if their original term to maturity when acquired by the Trust was more then 60 days, unless in each case this is determined not to represent fair value. Repurchase agreements are valued at cost plus accrued interest. Other portfolio securities for which there are no quotations or valuations are valued at fair value as determined in good faith by or on behalf of the Trustees.

B Income -- Interest income from Senior Loans is recorded on the accrual basis at the then-current interest rate, while all other interest income is determined on the basis of interest accrued, adjusted for amortization of premium or discount. Facility fees received are recognized as income over the expected term of the loan. Dividend income is recorded on the exdividend date for dividends received in cash and/or securities.

C Federal Taxes -- The Trust's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute to shareholders each year all of its taxable income, including any net realized gain on investments. Accordingly, no provision for federal income or excise tax is necessary. At June 30, 2003, the Trust, for federal

income tax purposes, had a capital loss carryover of \$43,194,563, which will expire on June 30, 2009 (\$1,925,241), June 30, 2010 (\$27,557,475) and June 30, 2011 (\$13,711,847). These amounts will reduce the Trust's taxable income arising from future net realized gain on investments, if any, to the extent permitted by the Internal Revenue Code and thus will reduce the amount of the distributions to shareholders which would otherwise be necessary to relieve the Trust of any liability for federal income or excise tax.

Additionally, at June 30, 2003, the Trust had net capital losses of \$3,925,798 attributable to security transactions incurred after October 31, 2002. These are treated as arising on the first day of the Trust's next taxable year.

D Expense Reduction -- Investors Bank & Trust Company (IBT) serves as custodian of the Trust. Pursuant to the custodian agreement, IBT receives a fee reduced by credits which are determined based on the average daily cash balances the Trust maintains with IBT. All significant credit balances used to reduce the Trust's custodian fees are reported as a reduction of expenses on the Statement of Operations.

E Use of Estimates -- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

F Other -- Investment transactions are accounted for on the date the investments are purchased or sold. Gains and losses on securities sold are determined on the basis of identified cost.

### 2 Auction Preferred Shares (APS)

\_\_\_\_\_\_

The Trust issued 2,200 shares of Auction Preferred Shares Series A and 2,200 shares of Auction Preferred Shares Series B on June 27, 2001 in a public offering. The underwriting discount and other offering costs were recorded as a reduction to paid in capital. Dividends on the APS, which accrue daily, are paid cumulative at a rate which was established at the offering of the APS and have been reset every 7 days thereafter by an auction. Dividend rates at June 30, 2003 were 1.18% and 1.13% for Series A and Series B Shares, respectively. Series A and Series B are identical in all respects except for the dates of reset for the dividend rates.

The APS are redeemable at the option of the Trust, at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends on any dividend payment date. The APS are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if the Trust is in default on its asset maintenance requirements with respect to the APS. If the dividends on the APS shall remain unpaid in an amount equal to two full years' dividends, the holders of the APS as a class have the right to elect a majority of the Board of Trustees. In general, the holders of the APS and the common shares have equal voting rights of one vote per share, except that the holders of the APS, as a separate class, have the right to elect at least two members of the Board of Trustees. The APS have a liquidation preference of \$25,000 per share, plus accumulated and unpaid dividends. The Trust is required to maintain certain asset coverage with respect to the APS as defined in the Trust's By-Laws. The Trust pays annual fees equivalent to 0.25% of the preferred shares' liquidation value for the remarketing efforts associated with the preferred auctions.

### 3 Distributions to Shareholders

\_\_\_\_\_\_

The Trust intends to make monthly distributions to common shareholders of net investment income, after payment of any dividends on any outstanding preferred shares. Distributions are recorded on the ex-dividend date. Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. Each dividend payment period for the Auction Preferred Shares is generally seven days. The applicable dividend rate for the Auction Preferred Shares on June 30, 2003 was 1.18% and 1.13%, for Series A and Series B Shares, respectively. For the year ended June 30, 2003, the Trust paid dividends to Auction Preferred shareholders amounting to \$809,204 and \$803,352 for Series A and Series B Shares, respectively, representing an average APS dividend rate for such period of 1.45% and 1.44%, respectively.

#### 4 Common Shares of Beneficial Interest

-----

The Agreement and Declaration of Trust permits the Trustees to issue an unlimited number of full and fractional \$0.01 par value common shares of beneficial interest. Transactions in common shares were as follows:

	Year Ended June 30,	
	2003	2002
Issued to shareholders electing to receive payments of distributions in Fund common shares	95 <b>,</b> 799	81,797
Net increase	95 <b>,</b> 799	81 <b>,</b> 797

### 5 Investment Adviser Fee and Other Transactions with Affiliates

The investment adviser fee, computed at a monthly rate of 17/240 of 1% (0.85% annually) of the Trust's average weekly gross assets, was earned by EVM as compensation for management and investment advisory services rendered to the Trust. For the year ended June 30, 2003, the fee was equivalent to 0.85% of the Trust's average weekly gross assets and amounted to \$4,379,968.

\_\_\_\_\_\_

to the Trust. For the year ended June 30, 2003, the fee was equivalent to 0.85% of the Trust's average weekly gross assets and amounted to \$4,379,968. Except for Trustees of the Trust who are not members of EVM's organization, officers and Trustees receive remuneration for their services to the Trust out of such investment adviser fee. EVM also serves as the administrator of the Trust. An administration fee, computed at the monthly rate of 1/48 of 1% (0.25% annually) of the average weekly gross assets of the Trust, is paid to EVM for managing and administering business affairs of the Trust. For the year ended June 30, 2003, the fee was equivalent to 0.25% of the Trust's average weekly gross assets for such period and amounted to \$1,288,226.

Certain officers and Trustees of the Trust are officers of the above organization.

### 6 Investment Transactions

\_\_\_\_\_

The Trust invests primarily in Senior Loans. The ability of the issuers of the Senior Loans held by the Trust to meet their obligations may be affected by economic developments in a specific industry. The cost of purchases and the proceeds from principal repayments and sales of Senior Loans and corporate bonds aggregated \$298,813,679 and \$281,787,458, respectively, for the year ended June 30, 2003.

### 7 Short-Term Debt and Credit Agreements

\_\_\_\_\_\_

The Trust has entered into a revolving credit agreement that will allow the Trust to borrow \$120 million to support the issuance of commercial paper and to permit the Trust to invest in accordance with its investment practices. Interest is charged under the revolving credit agreement at the bank's base rate or at an amount above either the bank's adjusted certificate of deposit rate or federal funds effective rate. Interest expense includes commercial paper program fees of approximately \$310,000 and a commitment fee of approximately \$183,000 which is computed at the annual rate of 0.15% on the unused portion of the revolving credit agreement. There were no significant borrowings under this agreement during the period. As of June 30, 2003, the Trust had commercial paper outstanding of \$118,000,000, at an interest rate of 1.16%. Maximum and average borrowings for the year ended June 30, 2003 were \$118,000,000 and \$108,035,616, respectively, and the average interest rate was 1.50%.

#### 8 Federal Income Tax Basis of Unrealized Appreciation (Depreciation)

The cost and unrealized appreciation (depreciation) in value of the investment securities at June 30, 2003, as computed on a federal income tax basis, were as follows:

Aggregate cost\$533,774,430

Gross unrealized appreciation \$ 4,743,064
Gross unrealized depreciation (10,923,810)

Net unrealized depreciation \$ (6,180,746)

#### 9 Subsequent Event

\_\_\_\_\_\_

At their June 2003 Board meeting, the Trustees of the Trust appointed two new Trustees, William H. Park and Ronald A. Pearlman, to replace Jack L. Treynor and Donald R. Dwight, respectively, as Trustees of the Trust, such appointments being effective upon Mr. Treynor's and Mr. Dwight's retirement. As of July 1, 2003, both Mr. Treynor and Mr. Dwight had retired from the Trust's Board of Trustees. In addition, as of June 2003, the Trust's Audit Committee membership has changed and now consists of the following independent Trustees: Norton H. Reamer (chairman), Samuel L. Hayes, III, William H. Park, and Lynn A. Stout.

EATON VANCE SENIOR INCOME TRUST AS OF JUNE 30, 2003

-----

INDEPENDENT AUDITORS' REPORT

\_\_\_\_\_

To the Trustees and Shareholders of Eaton Vance Senior Income Trust

\_\_\_\_\_\_

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of Eaton Vance Senior Income Trust (the Trust) as of June 30, 2003, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the years in the two-year period ended June 30, 2003, and the financial highlights for each of the years in the four year period then ended June 30, 2003 and for the period from October 30, 1998 to June 30, 1999. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these

financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. Our procedures included confirmation of securities and Senior Loans owned at June 30, 2003 by correspondence with the custodian, brokers and selling or agent banks; where replies were not received from brokers and selling or agent banks, we performed other auditing procedures. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements and financial highlights, referred to above, present fairly, in all material respects, the financial position of Eaton Vance Senior Income Trust at June 30, 2003, and the results of its operations, the changes in its net assets, its cash flows and its financial highlights for the respective stated periods in conformity with accounting principles generally accepted in the United States of America.

DELOITTE & TOUCHE LLP Boston, Massachusetts August 8, 2003

EATON VANCE SENIOR INCOME TRUST

\_\_\_\_\_\_

#### DIDIVEND REINVESTMENT PLAN

\_\_\_\_\_\_

The Trust offers a dividend reinvestment plan (the Plan) pursuant to which shareholders automatically have dividends and capital gains distributions reinvested in common shares (the Shares) of the Trust unless they elect otherwise through their investment dealer. On the distribution payment date, if the net asset value per Share is equal to or less than the market price per Share plus estimated brokerage commissions then new Shares will be issued. The number of Shares shall be determined by the greater of the net asset value per Share or 95% of the market price. Otherwise, Shares generally will be purchased on the open market by the Plan Agent. Distributions subject to income tax (if any) are taxable whether or not shares are reinvested.

If your shares are in the name of a brokerage firm, bank, or other nominee, you can ask the firm or nominee to participate in the Plan on your behalf. If the nominee does not offer the Plan, you will need to request that your shares be re-registered in your name with the Trust's transfer agent, PFPC Inc. or you will not be able to participate.

The Plan Agent's service fee for handling distributions will be paid by the Trust. Each participant will be charged their pro rata share of brokerage commissions on all open-market purchases.

Plan participants may withdraw from the Plan at any time by writing to the Plan Agent at the address noted on the following page. If you withdraw, you will receive shares in your name for all Shares credited to your account under the Plan. If a participant elects by written notice to the Plan Agent to have the Plan Agent sell part or all of his or her Shares and remit the proceeds, the Plan Agent is authorized to deduct a \$5.00 fee plus brokerage commissions from the proceeds.

If you wish to participate in the Plan and your shares are held in your own

name, you may complete the form on the following page and deliver it to the Plan Agent.

Any inquires regarding the Plan can be directed to the Plan Agent, PFPC Inc. at 1-800-331-1710.

EATON VANCE SENIOR INCOME TRUST

APPLICATION FOR PARTICIPATION IN DIVIDEND REINVESTMENT PLAN

This form is for shareholders who hold their common shares in their own names. If your common shares are held in the name of a brokerage firm, bank, or other nominee, you should contact your nominee to see if it will participate in the Plan on your behalf. If you wish to participate in the Plan, but your brokerage firm, bank, or nominee is unable to participate on your behalf, you should request that your common shares be re-registered in your own name which will enable your participation in the Plan.

\_\_\_\_\_\_

The following authorization and appointment is given with the understanding that I may terminate it at any time by terminating my participation in the Plan as provided in the terms and cond itions of the Plan.

> \_\_\_\_\_ Please print exact name on account: \_\_\_\_\_ Shareholder signature Dat.e \_\_\_\_\_ Date

Shareholder signature

Please sign exactly as your common shares are registered. All persons whose names appear on the share certificate must sign.

YOU SHOULD NOT RETURN THIS FORM IF YOU WISH TO RECEIVE YOUR DIVIDENDS AND DISTRIBUTIONS IN CASH. THIS IS NOT A PROXY.

The authorization form, when signed, should be mailed to the following address:

> Eaton Vance Senior Income Trust c/o PFPC Inc. P.O. Box 43027 Providence, RI 02940-3027 800-331-1710

EATON VANCE SENIOR INCOME TRUST THE EATON VANCE BUILDING 255 STATE STREET BOSTON, MA 02109

171-8/03 SITSRC

ITEM 2. CODE OF ETHICS

The registrant has adopted a code of ethics applicable to its Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. The registrant undertakes to provide a copy of such code of ethics to any person upon request, without charge, by calling 1-800-262-1122.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT

The registrant's Board has designated William H. Park, Samuel L. Hayes, III and Norton H. Reamer, each an independent trustee, as its audit committee financial experts. Mr. Park is a certified public accountant who is the President and Chief Executive Officer of Prizm Capital Management, LLC (a fixed income investment management firm). Previously, he served as Executive Vice President and Chief Financial Officer of United Asset Management Corporation ("UAM") (a holding company owning institutional investment management firms). Mr. Hayes is the Jacob H. Schiff Professor of Investment Banking Emeritus of the Harvard

University Graduate School of Business Administration. Mr. Reamer is the President of Unicorn Capital (an investment and financial advisory services company), Chairman of Hellman, Jordan Management Co., Inc. (an investment management company) and Advisory Director of Berkshire Capital Corporation (an investment banking firm). Previously, Mr. Reamer was Chairman of the Board of UAM and Chairman, President and Director of the UAM Funds (mutual funds).

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Not required in this filing.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS

Not required in this filing.

ITEM 6. [RESERVED]

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES

The registrant's Board has adopted a proxy voting policy and procedure (the "Fund Policy"), pursuant to which the Trustees have delegated proxy voting responsibility to the registrant's investment adviser and adopted the investment adviser's proxy voting policies and procedures (the "Policies") which are described below. The Trustees will review the registrant's proxy voting records from time to time and will annually consider approving the Policies for the upcoming year. In the event that a conflict of interest arises between the registrant's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the registrant, the investment adviser will generally refrain from voting the proxies related to the companies giving rise to such conflict until it consults with the Board's Special Committee except as contemplated under the Fund Policy. The Special Committee will instruct the investment adviser on the appropriate course of action.

The Policies are designed to promote accountability of a company's management to its shareholders and to align the interests of management with those shareholders. The investment adviser will generally support company management on proposals relating to environmental and social policy issues and on matters regarding the state of organization of the company. On all other matters, the investment adviser will take management's proposals under advisement but will consider each matter in light of the quidelines set forth in the Policies. Except in the instance of routine matters related to corporate administration which are not expected to have a significant economic impact on the company or its shareholders (on which the investment adviser will routinely vote with management), the investment adviser will review each matter on a case-by-case basis and reserves the right to deviate from the Policies guidelines when it believes the situation warrants such a deviation. The Policy includes voting guidelines for matters relating to, among other things, the election of directors, approval of independent auditors, executive compensation, corporate structure and anti-takeover defenses. The investment adviser may abstain from voting from time to time where it determines that the costs associated with voting a proxy outweighs the benefits derived from exercising the right to vote.

In addition, the investment adviser will monitor situations that may result in a conflict of interest between the registrant's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the registrant by maintaining a list of significant existing and prospective corporate clients. The investment adviser's personnel responsible for reviewing and voting proxies on behalf of the registrant will report any proxy received or expected to be received from a company included on that list to the

investment adviser's general counsel or chief equity investment officer. The general counsel or chief equity investment officer will determine if a conflict exists. If a conflict does exist, the proxy will either be voted strictly in accordance with the Policy or the investment adviser will seek instruction on how to vote from the Board.

Effective August 31, 2004, information on how the registrant voted proxies relating to portfolio securities during the 12 month period ended June 30, 2004 will be available (1) without charge, upon request, by calling 1-800-262-1122, and (2) on the Securities and Exchange Commission's website at http://www.sec.gov.

ITEM 8. [RESERVED]

#### ITEM 9. CONTROLS AND PROCEDURES

- (a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.
- (b) There have been no significant changes in the registrant's internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

ITEM 10. EXHIBITS

- (a)(1) Registrant's Code of Ethics Not applicable (please see Item 2).
- (a) (2) (i) Treasurer's Section 302 certification. (a) (2) (ii) President's Section 302 certification.
- (b) Combined Section 906 certification.

### SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
