CAUTIONARY STATEMENTS

This presentation contains certain forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, which are based on current expectations, forecasts, and assumptions of VISX that involve risks and uncertainties. Forward-looking statements in this letter, including statements regarding our future leadership position and financial performance, the ability to gain incremental revenue and profit from VISX procedures and reinvigorate demand for laser vision correction, and the expansion of our current market penetration, are based on information available to the Company as of the date hereof. FDA approval of CustomVue™ is expected in the second quarter of 2003, but is not certain. The Company's actual results could differ materially from those stated or implied in such forward-looking statements, due to risks and uncertainties associated with the Company's business, which include the risk factors disclosed in the Company's most recent filings with the Securities and Exchange Commission, including VISX's Annual Report and Form 10K for the year ended December 31, 2002. The Company assumes no obligation to update the information included in this presentation, whether as a result of new information, future events or otherwise.
