Item 7. Financial Statements and Exhibits

(c) Exhibits

Exhibit No.

99.1 Press Release, dated July 22, 2003.

Item 9. Regulation FD Disclosure

In accordance with SEC Release No. 33-8216, the following information, intended to be furnished under "Item 12. Results of Operations and Financial Condition," is instead furnished under "Item 9. Regulation FD Disclosure."

On July 22, 2003, RadioShack Corporation (the "Company") issued a press release reporting its results of operations for the second quarter of 2003. A copy of the press release is attached hereto as Exhibit 99.1.

In the press release, the Company utilized non-GAAP financial measures that adjusted the Company's net income for the second quarter of 2002 prepared in accordance with generally accepted accounting principles (GAAP) and also presented the Company's free cash flow. Management does not intend the presentation of these non-GAAP financial measures to be considered in isolation

Edgar Filing: RADIOSHACK CORP - Form 8-K

or as a substitute for measures prepared in accordance with GAAP.

In the press release, the Company adjusted its net income for the second quarter of 2002 to eliminate the effect of two litigation settlements in that quarter. Management believes that the presentation of adjusted net income for this quarter is useful to investors because it provides a means of evaluating the Company's operating performance and results on a comparable basis through the adjustment of amounts that, while they may possibly recur from time to time, do not typically recur on a quarterly basis. Furthermore, in preparing operating plans and forecasts, management relies, in part, on trends in the Company's historical results, exclusive of these items, and provides its forecasts to investors on this basis.

The Company also utilized a non-GAAP financial measure in the press release to describe the Company's free cash flow. The Company's management believes that free cash flow is an appropriate indication of the Company's ability to fund share repurchases, repay maturing debt, change dividend payments or fund other uses of capital that management believes will enhance stockholder value.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized this 22nd day of July, 2003.
